James J. Jeffries, champion heavy-Corbett for nine rounds and a half 'riday night in Mechanics' Pavillon, San Francisco, and then Corbett's secords motioned to Referee Graney to stop the fight in order to save their nan from needless punishment.

The end came shortly after the beginning of the tenth round when Jeffries planted one of his terrific left swings on Corbett's stomach. The maa who conquered John L. Sullivan dropped to the floor in agony and the nemorable scene at Carson City when Bob Fitzsimmons landed his solar pleaus blow was almost duplicated.

This time, however, Corbett struggled to his feet and again faced his giganic adversary. With hardly a moment's hesitation Jeffries swung his right and again landed on Corbett's stomach. Jim dropped to the floor and then it was that Tommy Ryan, seeing that it was all over, motioned Referee Graney to stop the punishment.

After the fight was over Corbett juickly recovered, walked over to Jeffries and shook him warmly by the hand. He said:

"Jint you beat me fairly. You stand alone. No one can touch you."

Fishing Boat Fired On.

The Silver Spray, a fishing boat owned at Erle, Pa., came into port in a badly shattered condition due to an encounter in mid-lake Wednesday with the Canadian revenue cutter Petrel. For years the Canadian authorities have had trouble with American fishermen poaching on the Canadian side of the lake.

About noon the Petrel came upon the Silver Spray on the Canadian side and at once ordered Captain Chris Chao to stop. The Petrel is a strong steel craft and it is said attempted to ram the American boat before she could comply with the order. Captain Chau, remembering the fate

of several other boats from this side which had been captured and confiscated, attempted to escape and started ahead at full spead.

The captain of Petrel opened fire with all the guns he had on board Later \$1.02 was asked and \$1.01 and before he ceased firing some 20 bid with no sales. The Septemshots had struck the American vessel. One passed through the smoke point in 14 years. stack into the pilot house in which Chau stood and two others struck the pilot house. One came within a few inches of the captain.

That no one was killed is considered wonderful, as shots entered the cabin and various other parts of the boat. A large number of American fishing tugs have been confiscated by the Canadian government. One, however, belonging in Dunkirk, was a few weeks ago ordered returned.

Meanwhile a crowded train reached Les Couronnes, the preceding station, weight of the world, played with Jim and the officials seeing smoke pouring out of the tunnel gave the alarm. A panic ensued, the passengers struggling to escape from a station. Some attempted to return along the line toward Belleville, where the smoke was suffocating.

Two linemen rushed to aid Spaulding but in their excitement let go enirely of the rope, one end of which they had thrown to the drowning man. One of them hastened to Sprakers, a hamlet near by, for assistance but by the time help arrived. Spaulding had drowned.

TREATY IS REJECTED,

Colombian Senate Votes Against Proposition.

Statement by New York Counsel of Panama Canal Company-Much Dissatisfaction In the Panama Department-Fears of a Secession Movement on the Isthmus.

Washington, Aug. 18 .- Dr. Harran, the Colombian charge d'affaires, has received an official cablegram from he Colombian secretary of state, dated August 13, containing the brief aunouncement of the senate's rejection of the treaty on the day previous.

When word was received that the Panama canal treaty had been rejected by the Colombian senate, William Nelson Cromwell of Sullivan and Cromwell, New York, made the fillowing brief statement, as counsel tor the Panama Canal company:

four miles east of Fort Plain Tuesday ate on the 5th inst recommended the treaty with a number of amendments. Our cable advices state that various parliamentary motions have been amendments, and a recent one indicates that the treaty is not acceptable regarded as final."

PANAMA DISSATISFIED.

Rumors of a Secession Movement by People on the Isthmus.

Panama, Aug. 18.-The unanimous ejection of the Panama canal treaty by the senate is the talk in all circles. The question on all lips is what will become of Panama. The only consolation the Isthmians have is that the rest of the republic, with the exchange at a very high figure and with an upward tendency, will suffer a great deal

It seems that the government never expected the treaty to be ratified, and it was not supported at all in the senate.

General Lucio Velazoo, an old veteran and a distinguished army officer, has been appointed military commander of the department of Fanama. It is thought fears, caused by the rumors of a secession movement on the isthmus, may have influenced the appointment.

Thought Spooner Amendment a Bluff. Colon, Colombia, Aug. 18 .- The rejection of the canal treaty by the Colombian senate has produced a tremendous sensation on the isthmus. It was generally believed that the treaty would pass with some modifications.

There is good reason to suppose that the majority of the members of the senate regard the Spooner amendment to build a canal by the Nicaraguan route, if the Panama route was rejected by Colombia, as a mere threat on the part of the United States.

PROMISE OF OPEN PORTS.

Minister Conger Has Secured Guarantee From Prince Ching That Ports Will Be Open Oct. 8.

Washington, Aug. 18 .- Minister Conger, at Pekin, has secured a written promise from Prince Ching to sign 1 treaty with the United States, including a guarantee that Mukden and Tatung Tao shall be open ports from and after October 8.

The arrangement made by Minister Conger for the signing of a treaty between China and the United States, providing for the opening of Mukden and Tatung Tao on the date of Russia's promised final evacution of Manchuria, ends the stubborn resistance by the Chinese which for some time

promised to be successful Prince Ching first argued Russian opposition to the opening of these ports. He then said that he was not informed that Russia had consented to the opening. Finally he refused on the ground that China was unable to open towns which were held by another power.

When the present settlement was proposed, with the explanation that China must presume that Russia intended to fulfil her evacution agreement, Prince Ching reluctantly gave

Tatung Tao is a small port which does not promise much business to attract foreigners in the near future. Its opening is mainly important as a victory for the open door principle.

BLACKLIST LAWFUL

Judge Rogers Sustains Demurrer In Labor Injunction Case.

in the United States circuit court handed down an opinion sustaining the demurrer of the Western Union Telegraph company in the labor injunction case of Boyer et al against that company.

In the written opinion Judge Rogers sustains every point urged by Attorney Smith representing the defendant company, holding that the company has the absolute right to dismiss employes because they belong to the union, or far any other reason; that there can be no conspiracy to do a lawful act; that the ro-called blacklist may be maintained and given out for the use of others.

The case resulted from a bill filed by Telegraph Operator Arthur Boyer end others, alleging that they were nembers of the Commercial Telegtaphers' union and that they had been 'scharged by the Western Union Tele graph company solely because they belonged to the union; that it was the intention of the Western Union to "A committee of the Colombian sen- discharge other employes for this reason and that the Western Union maintains a so-called "blacklist."

The bill sought to prevent these alleged conditions. The Western made, more or less involving these Union demurred to the bill and this demurrer was sustained on every point by Judge Rogers. Relative to without amendment but this is not the "blacklist" the judge held that the company had the right to maintain a list on which might be placed the name of a discharged employe and the cause of discharge and this list might be given to others, provided its contents were truthful and its circulation honest.

He also ruled as the bill alleged the union was formed for moral and proper purposes there should exist no objection upon the part of an employe to have his discharge based upon the mere fact that he was a member of uch an order. This decision is regarded as con-

clusively settling the law in the Western Union company's favor. The plaintiffs took 15 days time to amend their bill.
